**Mutual Life Insurance Co.**  
of New York.

Organ- 1863 Cash Assets  
ized. This company is too well  
known to say much about it. Its  
dividends are larger, and its  
policies give larger returns than  
any other company in the  
world.

Travelers' Life and Accident  
Insurance Co., Hartford.

1863 This is the original Accident  
Insurance Co. of America, and the  
largest in the world.

Liverpool, London and Globe  
Insurance Co., G. B.

1863 This standard company's poli-  
cies do not contain any clause  
day clause, but pay in full with  
no deduction of interest. It re-  
corded at the great Chicago fire  
of 1871, paying over three mil-  
lion dollars in cash, drawing the  
funds entirely from England, and  
English, gives this company a  
preference in fire insurance not  
equaled by any company in the  
world.

Insurance Co. of North  
America, Phila.

1874 The surplus of this old com-  
pany, as to policy holders, is  
\$6,726,284, a sum larger than the  
"gross assets" of any other  
American fire insurance com-  
pany, "except two." In eighty-  
eight years of continuous busi-  
ness, it has paid out over fifty  
million dollars for losses, and  
still has cash assets. No Ameri-  
can company can show any  
better record.

Scottish Union and National,  
Great Britain.

1874 This is one of the oldest of  
foreign companies. This com-  
pany has but recently (1869) en-  
tered the United States for  
business. Its security for policy  
holders aggregates \$20,000,000.

Commercial Union Insurance  
Co., London.

1861 Conservative as an under-  
writer. Such is the value placed  
on her policies by leading  
merchants and others that there  
are but two foreign companies  
whose premium receipts in the  
United States exceed those of  
this model company. Assets  
in the United States, nearly  
\$5,000,000, securely invested.

German American Insurance  
Co., New York.

1872 Over two million dollars of the  
assets are held in bonds, and  
in case of any large conflagra-  
tion can be turned into cash at once.  
Surplus, as to policy holders, is  
over \$2,000,000.

Pennsylvania Fire Insurance  
Co., Philadelphia.

1865 Fifty-seven years continuous  
business has placed this com-  
pany among those most relied  
upon for one hundred cents on  
the dollar for losses.

Home Insurance Co. of New  
York.

1863 Twenty-two years successful  
business places this company at  
the head and front of New  
York city companies.

American Central, St. Louis.

1863 This is one of the most pre-  
sidently managed and conserv-  
ative companies in the country,  
and is second to none in the  
confidence of the insurance pub-  
lic.

Springfield Fire and Marine  
Insurance Co., Springfield,  
Mass.

1849 It is an old company—thirty-  
three years. It is a strong com-  
pany with a cash capital of  
one million dollars. It is not  
exposed to large losses by  
sweeping fire, its head office  
being in a small city. It is lim-  
ited to a policy of perfect safety in  
all other cities.

Standard Fire Office Lon-  
don.

1860 This is one of the new foreign  
companies to come to this coun-  
try, and is entitled to the con-  
fidence of the insurance pub-  
lic.

Phoenix Assurance Co., Lon-  
don.

1782 This old company (100 years)  
has paid over \$5,000,000 to policy  
holders; it is the largest and  
most successful fire company in Great Britain.

With this grand total of capital represented  
in my agency, I offer to those wanting in-  
demnities for fire, lightning, or by  
accident, protection second to no other list to  
be found anywhere. I have a knowledge of  
insurance my person's attention in all its de-  
tails, thus ensuring promptness. My twenty  
years practical experience in the business gives  
weight to the assertion that a knowledge of  
the details of policy holders and companies, ac-  
quired during that time, and a disposition to  
fair dealing, entitles me to the greater  
portion of the business to be done, as has  
been the case in the past.

**POLITICAL.**

**The Democrats Said to Have Car-  
ried the State of Ohio By  
20,000 Majority.**

Speaker Kieffer of the Opinion that the  
Prohibitionists Failed in  
Their Duty.

The New York Commercial Advertiser  
Predicts That Prohibition Will Be-  
come a National Issue.

The Republicans Elect General Goff in  
the First West Virginia Con-  
gressional District.

Ex-Speaker Randall, of Pennsylvania Claims  
That the Next House of Representatives  
Will be Democratic.

Republican Nomination.  
DUNKIRK, N. Y., Oct. 12.—The Re-  
publicans of the Thirty-third district  
nominated Dr. T. R. Brewer for con-  
gress.

For Congress.  
WHITE HALL, N. Y., Oct. 12.—The  
Democrats of the Eighteenth district  
nominated A. L. Ingman for congress.

For Congress.  
WASHINGTON, Oct. 12.—An intimate  
friend of Folger says he will not re-  
sign before the first of December and  
not then unless elected.

The Next House.  
PITTSBURG, Oct. 12.—Randall, who  
is the booming candidate for speaker,  
says the next house will be Democratic  
beyond a doubt. Pennsylvania will  
get in three or four members, Indiana  
several, and New York two or more.

Republicans Gain a Congressman.  
WHEELING, W. V., Oct. 12.—The  
latest returns show sweeping politi-  
cal revolution has occurred in this dis-  
trict. Gen. Goff, the republican can-  
didate for Congress, has a majority of  
about sixteen hundred.

The Labor Convention a Failure.  
WILKESBARRE, Pa., Oct. 12.—The  
Labor convention to be held this morn-  
ing was a failure. The delegates pres-  
ent called the meeting to order and  
denounced John J. Bingham, their  
leader, for not putting in an appear-  
ance and adjourned without nominat-  
ing a ticket.

Last Ohio.  
CHICAGO, Oct. 12.—A Columbus  
Ohio, special to the Journal, says:  
Official returns indicate that the De-  
mocratic majority in the state will not  
exceed 20,000. For congressmen the  
outlook is dispiriting. An uncertainty  
in the Seventh and Twelfth districts  
and both are probably Democratic;  
without these two districts, the dele-  
gation stands fourteen Democrats to  
five Republicans.

Upheld is recovering fast from  
his recent illness, and is not dead as  
reported.

Speaker Kieffer's Remarks.  
CINCINNATI, Oct. 12.—Speaker  
Kieffer says: It is now a matter of  
history that the prohibition party had  
rather fall than whisky should tri-  
umph and that the Republicans should  
succeed. Do what we might, we could  
not interest the voters in the rural dis-  
tricts; they saw no occasion for alarm  
and remained at home. The Demo-  
crats were well organized; the  
saloon keepers hired two good work-  
men to take charge at each voting pre-  
cinct, and to these men was entrusted  
the duty of seeing that these voters  
were got to the polls. In cities such an  
effort was not necessary, the returns  
show that the Democrats made all  
their gains in the stronghold of the  
Republican party, and all on account  
of the general apathy that prevail-  
ed among our people. This temper-  
ance question will certainly form an  
issue a year hence, when a  
Governor and legislature are elected.  
I incline to the belief that the next  
campaign will be fully as remarkable  
as this. I suppose the victory cost the  
whisky men \$200,000, and they will  
cheerfully pay \$500,000 next time, they  
can afford to have a party which they  
can control.

Verne and Worne.  
COLUMBUS, O., Oct. 12.—Returns  
from fifty counties of the election Tues-  
day show a net Democratic gain of  
35,298, and thirty-eight counties to  
hear from, which will increase the  
Democratic majority to about 25,000.  
The Democratic gains in Cuyahoga,  
Franklin, Hamilton and Montgomery  
counties exceed Foster's majority last  
year. The congressional delegation is  
likely to stand fourteen Democrats to  
seven Republicans. Unofficial returns  
elect Hart, Republican, over Neal by  
15 votes, and Mooney, Republican, over  
Campbell by 42. The Democrats claim  
Wallace over McKinley by 41 votes.

The Temperance Question.  
NEW YORK, Oct. 12.—The Commer-  
cial says: It is time the American  
people understood the issue passed on  
in Ohio. The aggressions of the lager  
beer and whisky party must be met by  
the moral, intellectual friends of good  
government, just as they meet aggres-  
sions of life slave power. We do not  
favor making the Republican party a  
temperance party, respecting the  
rights of the public within the  
law. The Republican party last  
week has met this rum question, as  
they met the determination of the  
South to force slavery into the Terri-  
tories. The question of regulating the  
sale of intoxicating drinks, is fast be-  
coming a national question. The peo-  
ple of the South are making it a promi-  
nent issue. In most states south of  
the Potomac, temperance organiza-

are springing into existence much like  
the anti-slavery societies were be-  
ing organized over forty years ago  
in the north. We realize that intelli-  
gent and well meaning men will differ  
in regard to the details of the law, for  
a remedy of the evil or the enforce-  
ment of any right. Realizing this, we  
hope the Republican party will have  
courage to say for itself that the pro-  
duction and traffic in and use of al-  
coholic drinks are problems that  
challenge the most ardent con-  
sideration of the highest intelli-  
gence, because they involve the  
question of the highest political and  
social importance. It cannot be de-  
nied that the temperate use of al-  
coholic drinks is one of the most in-  
corrigible evils of the age of Republic-  
anism. Free whisky and desecrated Sab-  
baths cannot associate together. If  
the Republican party hopes to retain  
power in the nation it must appeal to  
the intelligent and moral and con-  
scientious voters of the country without re-  
gard to the question of nationalities.

**THE FIRE RECORD.**

At Denver.  
DENVER, Oct. 12.—This morning  
John Phillips' livery stable, on Blake  
street, caught fire through some igni-  
ty unknown and was burned to the ground.  
All the horses, buggies and harness  
were saved. The loss, including hay  
and other stores, will aggregate about  
\$5,000.

The Mississippi Railway.  
CINCINNATI, Ohio, Oct. 12.—The  
annual meeting of the stockholders of  
the Ohio and Mississippi railroad elect-  
ed three new directors. The board of  
directors on January 11, 1882, deter-  
mined to throw \$15,000,000 by the  
issue of the first general mortgage of  
five per cent coupon bonds, the greater  
part of the money so raised to be ap-  
plied to funding at the lowest interest  
on the present indebtedness as it falls  
due and the residue to be applied to the  
payment of arrearages of interest, add-  
ing to equipment, etc. This was ap-  
proved at the stock holders meeting  
April 6, 1882, by a large  
majority but actual issue of  
stock and the reduction of the  
mortgage deferred until after the  
present meeting. The company is now  
ready to take this step and it will re-  
sult in the board now elected to de-  
termine the time and manner of is-  
suing bonds and placing them on the  
market. The net earning for the year  
ending June 30, 1882, were \$34,461,  
000.

Call of Bonds.  
WASHINGTON, Oct. 12.—The Treas-  
ury department will continue redem-  
ption both in New York and in Wash-  
ington, of the 11th call for bonds,  
without rebates of interest, but own-  
ers while receiving the full interest to  
December 23rd will be required to de-  
posit the sum actually due for three  
months interest, from August 1st,  
1882, to November 1st, 1882. A check  
for this three months interest must be  
forwarded by the United States Treas-  
ury to the registered owner of bonds  
on the 1st of November, in the usual  
manner. The effect of this is of course  
to pay now to holders of called bonds  
the interest from November 1st to De-  
cember 23rd, the three months interest  
due November 1st being paid on that  
date.

Election of Officers.  
NEW YORK, Oct. 12.—At a meeting  
of the new board of directors of the  
Western Union Telegraph Company  
the following were elected as officers:  
Norvin Green, President; Gen. I. Eck-  
ert, Vice-President and General Man-  
ager; Augustus Scheel, John Vanhorne  
and Harrison Durke, Vice-Presidents;  
D. P. Bates, acting Vice-President and  
Assistant General Manager; J. B.  
Van Every Acting Vice-President.

The other officers held over.  
The executive committee is Norvin Green,  
Thos. I. Eckert, Edwin Morgan, John  
Vanhorne, Augustus Scheel, Harrison  
Durke, Jay Gould, Russell Sage, Alonso  
B. Cornell, Sidney Dillon, Cyrus W.  
Field, Geo. J. Gould.

Want Him to stay.  
NEW YORK, Oct. 11.—The New  
York and Brooklyn association of  
Congregational churches, passed a res-  
olution expressing regret at Beecher's  
withdrawal, affirming the belief that  
the divergence of his views on theologi-  
cal and doctrinal points, from the  
views of the association, was not suf-  
ficiently strong to demand such a  
course, and expressing the hope that  
he would see his way clear to the with-  
drawal of his resignation.

Ravages of Diphtheria.  
LYNCHBURG, Va., Oct. 12.—Reports  
from Spottsylvania county states that  
the ravages of diphtheria in certain  
localities has reached an alarming ex-  
tent. Nearly two hundred deaths have  
occurred within sixty days. Not as-  
signed fully has escaped.

Benefitting His Children.  
MOUNT VERNON, Ind., Oct. 12.—  
David Murphy, one of the mob killed  
in Evansville Tuesday night was  
buried to day. After the funeral a  
fund was raised for a monument, and  
a large sum was also raised for the  
benefit of his three orphan children.

United States Coinage.  
WASHINGTON, Oct. 12.—The annual  
report of the mint, which was forward-  
ed to the secretary of the treasury to-  
day, shows a decided increase in coin-  
age for the twelve months ending June  
30, 1882, over that of the previous  
year.

Vanderbilt Denies an Interview.  
NEW YORK, Oct. 12.—William H.  
Vanderbilt writes a card, denying the  
authenticity of the interview recently  
published in Chicago, in which he was  
alleged to make very slighting re-  
marks in regard to the nickle-plate  
road and anti-monopolists.

Death of Congressman Rowe.  
WASHINGTON, Oct. 12.—Representa-  
tive W. M. Rowe, of Alabama, died at  
Huntsville this morning.

Officers in Indiana.**

ders a Raid on the Opium  
Dens and Smokers.

The Grave Robbers Steal the Corpse of a

dam, New York.

The Grand Jury in Indiana Engaged in

the Lynchers.

A Clerk in the Philadelphia Almshouse is  
Arrested for Conspiracy to Defraud  
City by Falsifying Accounts.

Counterfeiters Arrested.  
INDIANAPOLIS, Ind., Oct. 12.—A  
large gang of counterfeiters was arrest-  
ed at Tipton last night, and brought  
to this city to-day.

About a year ago a man named  
Hobbs gave information to the secret  
service of the existence of the gang,  
and the detectives were sent there by  
the government to work up the case,  
which resulted in the arrest of the fol-  
lowing parties last night and to-day:  
James Small, Jacob Masters, Christo-  
pher A. Masters, William Shope, Jacob  
B. Johnson, Smith Jasper, N. Wright,  
M. King, Joseph T. Small, Chas. Booth,  
John T. Small and Lorenzo Haworth.

Two days ago a special agent and  
the detectives arrested James Camp-  
bell, Harvey Gerperster and William  
Crum, members of the same gang, on  
the train going to Logansport. These  
men were brought to this city secretly.  
John Kelly, a saloon keeper in this city,  
was also arrested to-day. Most of the  
captives are residents of Tipton county.

Indictments Against Offenders.  
PHILADELPHIA, Pa., Oct. 11.—Al-  
legations having been made that the  
gas clerk has embezzled large sums by  
making false footings in the accounts  
from 1876 to 1881. The meeting of  
the finance committee of the company  
this afternoon ordered an investiga-  
tion. The grand jury, found an  
indictment against J. F. Browne, the  
alms house clerk and store keeper and  
Prince A. Small, a leather dealer, who  
were arrested in Colorado yesterday,  
charging them with a conspiracy to  
cheat the city by means of false bills  
for supplies furnished to the alms  
house.

Opium Smoking.  
NEW YORK, Oct. 12.—The Commer-  
cial-Advertiser's Washington special  
says: Of the practice of opium smok-  
ing, which was introduced into Wash-  
ington several months ago by the es-  
tablishment of regular resorts, where  
devotees of the habit might enjoy their  
appetites, the poison is now extensive-  
ly practiced both in public and private.  
The attention of the police has been  
called to the existence of opium dens,  
which are regarded as nuisances and  
injurious to health. The chief of po-  
lice has issued orders to have such  
places raided.

Indiana Mob.  
EVANSVILLE, Ind., Oct. 12.—The  
grand jury is supposed to be engaged  
in finding bills against three men ar-  
rested as a part of the mob which took  
Redman out of jail and killed him on  
the streets. Friends of the prisoners  
are in the city ready to give bail if the  
offense is bailable. The apprehension  
is that another mob is coming from  
Posey county to rescue the prisoners,  
and this hour all is quiet. The sheriff  
and police are prepared to defend  
the prisoners in the county jail.

Cruelty to Seamen.  
SAN FRANCISCO, Oct. 12.—A Taco-  
ma, Puget Sound, dispatch, says: Cap-  
Forstelle and second mate of the ship  
Challenger, from Philadelphia, were  
held to answer for cruelty to seamen.  
One sailor was beaten until his ribs pro-  
truded, and he jumped overboard.  
The third mate, opposed the cruelty of  
his superiors who abused him so that  
he attempted suicide by shooting, and a  
complaint of insanity was lodged  
against him by the captain.

Grave Robbed.  
AMSTERDAM, N. Y., Oct. 12.—The  
grave of John Knox, a prominent citi-  
zen of Amsterdam, in the cemetery at  
West Church, has been robbed. No  
traces of the remains. The robbery  
was discovered by opening the grave  
to change the position of the body pre-  
paratory to the erection of a monu-  
ment.

Stabbed in the Face.  
AMSTERDAM, N. Y., Oct. 11.—Last  
night Maggie O'Neil, an employee of  
Landford's mill, stabbed another em-  
ployee, Jane Bradt, in the face with a  
pair of scissors, inflicting twenty gash-  
es, some serious.

Silver for the Mint.  
WASHINGTON, Oct. 12.—The treas-  
ury department to-day purchased 375,  
000 ounces of fine silver for the New  
Orleans, San Francisco and Philadel-  
phia mints.

Commissioner of Land Office.  
WASHINGTON, Oct. 12.—The com-  
missioner of the land office, in his an-  
nual report, states that the lands not  
embraced within the public domain  
amounts to 900,000,000 acres, including  
Alaska. He recommends that pre-emption  
now be abolished, that the home-  
stead laws cover all cases, now arising.  
The public sales made last year  
amounted to 7,933 acres, embracing  
5,016 acres near Toledo, Ohio, which  
sold for \$16,735, an average of \$3.37  
per acre. Respecting the forfeiture of

railroad grants, the commissioner says  
that the status of the various grants  
for railroad purposes, where the road  
has not been constructed within the  
time prescribed by law, were reported,  
to congress on March 28, last.

The absence of legislative action  
touching the renewal of these grants,  
and declaring forfeitures thereof, has  
seriously embarrassed the work in this  
office. It is not deemed expedient to  
certify additional lands to railroad  
companies, nor to award to companies  
the land in dispute between them and  
settlers, or other claimants, pending  
the determination of congress in the  
premises. A large number of settlers  
are occupying such lands, and it is im-  
portant to know whether they can re-  
ceive titles from the United States, or  
whether they will be required to pur-  
chase from the railroad companies.

**FOREIGN.**

LONDON, Oct. 12.—An account is  
published of two cremations, the first  
which have taken place in England.  
The bodies were those of Lady Han-  
ham and Mrs. H. Hanham, who died  
in Dorsetshire in 1877 and 1878. They  
both expressed the wish that their  
bodies should be cremated. The re-  
mains were kept in mortuary until  
preparations for the process were  
completed. Last Sunday the remains  
were enclosed in substantial coffins and  
were placed in the furnace on plates of  
iron and fire brick, and reduced to  
ashes.

GLASGOW, Oct. 12.—The new steam-  
ship, Belgium, 4,000 tons, built at Aber-  
deen, the American trade was  
totally destroyed on her trial trip.

ALEXANDRIA, Oct. 4.—Thirty-two  
Europeans arrived here to-day. Three  
colonels accused of complicity in the  
late massacres were arrested in the in-  
terior and brought here.

EGYPT, Oct. 12.—Courtney, M. P.,  
in a speech last night, said the policy  
of the government was to detach Egypt
